Outsourcing with **TEAMProjekt** means:

Flexible Production

We take over single manufacturing steps or entire production sectors.

Dynamic Logistics

We support you in individual logistics processes or operate entire warehouses.

Reliable Quality

We take a closer look with trained eyes and carry out your operative quality assurance.

Efficient Office

We take over the tasks at your reception and relieve you from time-consuming administrative tasks.

Added Value through Digitization

We develop smart digital solutions based on use cases.

Flexibility thanks to Automation

We offer different operations models - movable or immovable - according to the degree of automation.
